SICKRET

4. INPUT LIST

We bring our own stage rack including all cables, microphones and booms.

5. MONITORING

We use our own IEM monitoring, all included in the stage rack.

We use Shure PSM300 and PSM900 models.

6. SOUNDDESK AND PA

We usually work with the house system. We accept systems by meyer, d&b, l'acoustic, nexo etc.

No selfmade systems, no Mackie, no JBL, no Behringer etc.

The sound system must be capable to provide 100db LEQ60 and 120dB peak at FOH position.

Please provide a system engineer with knowledge of the system while setup, soundcheck and show.

We bring our own sounddesk, we need one ethernet cable (CAT5e, 80m max.) running from FOH position to the stage-rack.

Desk size: 1.5x1.5m. We provide main PA, frontfill and delay stereo outputs from stage. No outputs at FOH available.

7. LIGHTS

We will work with the local light system and the local light technician. We provide a setlist with colours for every song.

8. CATERING

Please provide a quiet room near the venue with room for at least 6 peoples. We need water, enough beer, 1 bottle rum & softdrinks.

Please provide dinner between soundcheck and show.

9. PARKING

Please make sure, the loadout area is as close as possible close to the stage as possible.

Parking-slot for big van is needed close to the venue.

10. MERCHANDISE

Please provide a table (1x1m) for our merchandise stuff in the venue.

11. ITEM LIST

See separate sheet.
